PEC Registration Guide

Pakistan Engineering Council — contractors ke liye registration

GUIDE — Ye aik step-by-step guide hai, official PEC document nahi. Latest requirements, categories aur fees ke liye https://pec.org.pk dekhein. Is guide mein koi fee quote nahi ki gayi — fees PEC ke current schedule ke mutabiq hoti hain.

PEC registration kis ko chahiye?

Jo contractors / firms engineering works (construction, civil works, etc.) ke tenders mein hissa lena chahte hain, unhein Pakistan Engineering Council (PEC) se registered hona zaroori hota hai. Bidding documents mein aksar PEC registration ki copy mangi jati hai (works ke liye, jahan applicable ho).

Categories

PEC contractors ko categories mein register karta hai — category ka taalluq firm ki financial capacity, experience aur technical staff se hota hai. Aap ki category tay karti hai ke aap kis size ke works ke liye bid de sakte hain. Exact categories aur unki limits PEC ke current rules / schedule se check karein.

Documents jo aam tor par chahiye hote hain

- Company / firm registration documents (SECP ya partnership deed, jaisa applicable ho).
- NTN certificate.
- CNIC — proprietor / partners / directors ke.
- Engineers ki tafseel — PEC registered engineers ke registration numbers.
- Financial documents — bank statement / audited accounts (jaisa required ho).
- Experience certificates — pehle kiye gaye works ki tafseel.
- Office address proof.

Registration ke steps
